## OCTOBER HIGHLIGHTS

As October draws to a close, we take a moment to look back at a month that marked new beginnings, celebrations, and connections. The semester kicked off in full swing as students returned to campus, adjusting once again to the rhythm of lectures, and the hustle of campus life.

The month began with our much-anticipated General Freshers' Orientation, which spanned two exciting days. The event served as a warm welcome to our newly admitted engineering students, introducing them to the values, structure, and opportunities within the Nigerian Universities Engineering Students Association (NUESA).

And In true NUESA fashion, we rounded off the orientation week with a vibrant Freshers' Hangout, a relaxed and fun-filled gathering where the new students got to interact with the NUESA executives and senior colleagues.

It was an evening of laughter, music, games, and meaningful connections — a perfect reminder that engineering life isn't all about equations and machines; it's also about friendship, creativity, and community.

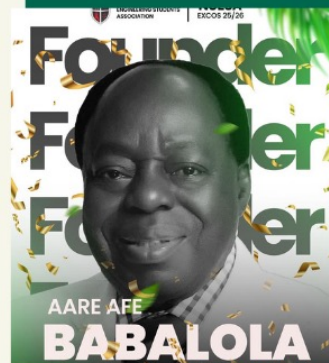

There was also the freshers versus the NUESA EXCOS match which was a really fun way of letting loose and making bonds.

## INTERNATIONAL DAY OF THE GIRL CHILD – IN COLLABORATION WITH APWEN

NUESA also proudly joined hands with the Association of Professional Women Engineers of Nigeria (APWEN) to celebrate the International Day of the Girl Child.

The event emphasized the importance of empowering young girls to pursue careers in science, technology, engineering, and mathematics (STEM). The session was interactive and it featured mentorship stories and motivational talks where the aspiring female engineers who were reminded that the future of engineering thrives on inclusion, innovation, and equal opportunity.

## A SPECIAL CELEBRATION – OUR VC AND FOUNDER'S BIRTHDAY

October also brought a moment of heartfelt celebration as we joined the entire university community in wishing our esteemed Vice-Chancellor and Founder a happy birthday.

## WRAPPING UP OCTOBER

As we wrap up October, we look forward to what November has in store — more projects, events, and opportunities for growth.

# WHAT'S NEW

## INTRODUCING THE STUDENT OF THE MONTH SECTION

We're excited to announce a brand-new segment in our newsletter — Student of the Month! Each month, we'll spotlight an outstanding NUESA member who shines in different areas such as Creativity (Creative Mind of the Month), Selflessness (Welfare Champion), Academic Excellence, and more!

Winners won't just earn bragging rights — there'll be special incentives and recognition too. Think you've got what it takes or know someone who does? Reach out to the Vice President, PRO, or Editor-in-Chief to get involved!

## A NEW MILESTONE: ENGINEERING STUDENTS INDUCTED INTO THE NIGERIAN SOCIETY OF ENGINEERS

Our engineering students were proudly inducted into the Nigerian Society of Engineers (NSE). The ceremony was filled with joy and relief as they celebrated the culmination of five years of hard work, dedication, and perseverance — a well-deserved recognition of their efforts and achievements.

## BIDDING FAREWELL TO OUR GRADUATING ENGINEERS

Our convocating students have officially stepped beyond the four walls of the university and into an exciting new chapter of life. As they transition from campus to the wider world, we celebrate their hard work, resilience, and achievements throughout their academic journey.

They've left their mark on the university — through leadership, innovation, and friendship — and now carry the spirit of NUESA into the next phase of their careers and dreams. We wish them success, growth, and fulfillment as they take on the world beyond the classroom!

# THE REFORMATION ADMINISTRATION MARKS 100 DAYS IN OFFICE

OCTOBER AUDITION

Nuesaabuad

## 100 DAYS OF REFORMATION

The Reformation Administration marks 100 days of purposeful leadership and progress. In this short time, it has driven initiatives that enhance student welfare, promote academic growth, and strengthen the engineering community—laying a solid foundation for greater impact ahead. Some of these initiatives include;

- Online Freshers meet on google meet
- Ask your excos anything twitter space edition
- Commencement of the nuesa bridge initiative
- Sustaining of the HEART initiative
- Freshers hangout
- The girl child day in collaboration with apwen
- Co-sign from the DVC academics and DVC admin
- Launch of the official nuesa website
- Launch of the official nuesa application available on both apple and play store
- Excos vs freshers football match

and many more initiatives in the works, we can't wait to see what the next 100 days will bring .

## DINNER THEME:

Hope your designers have delivered because as the dinner is just a breath away.

## RANDOM FACTS ABOUT ENGINEERING COLLEGE

- The College of Engineering was established on 4 January 2010 as one of the pioneer Colleges at ABUAD.
- The college building was commissioned by former president Goodluck Ebele Jonathan
- A student from the College won the 1st National Engineering Students' Competition in Nigeria with a project on "Autonomous Pipeline Leakage" beating participants from across the country in 2016.

**NUESA WEEK IS FAST APPROACHING, THERE ARE ALOT OF EVENTS TO ANTICIPATE SO CLEAR CALENDARS BECAUSE THE REFORMATION ADMINISTRATION IS READY, THE QUESTION IS "ARE YOU READY"?**
