

APWEN ABUAD COLLEGIATE

2026/2027 SESSION

FIRST SEMESTER

PROPOSED EVENT CALENDAR

Dear Engr. Dr. I. I. Olateju,

We hope this event calendar and semester plans meet your expectations. As we plan for this the upcoming semester, we would greatly appreciate your guidance and advice on the scheduled events. Please review the draft we have prepared and let us know if you have any suggestions, recommendations or concerns. We are particularly seeking your input on the webinars we plan to hold. Your feedback will help us refine the calendar and make necessary adjustments before a final draft and then, a release to the engineering girls.

This also includes a list of the executives for the session with their student details (level and department).

Thank you for support and guidance,

Best regards,

APWEN EXCOS 2026/2027

EVENT CALENDAR

S/N	DATE	EVENT NAME	TIME	LOCATION	DESCRIPTION
1	18 th of September	100 level Orientation	2pm – 4pm	Engineering College	This will be a fun interactive session where final year and semi-finals come to share with our freshers about APWEN, who are and our experience within engineering college
2	1 st of October	African Queen Picnic	12pm – 5pm	Love Garden	A fun-filled picnic for all engineering girls to celebrate sisterhood, culture, and connection. Come dressed in Ankara styles, Ankara pieces, or African-inspired outfits and enjoy an afternoon of games, music, food, networking, laughter, and great memories.

3	3 rd of October	Get Fit with APWEN	Every 1 st Saturday of a month	ABAUD FIELD or TDC	The girls will be taken through different activities such as jogging, running, stretches and aerobics, led by the sports director. This is to promote good physical health and in addition, emotional and mental health.
4	10 th of October	International Day of the Girl child in collaboration with NUESA (FUN NIGHT)		Engineering Auditorium	This is event is to celebrate the day of the girls in college and how far we have come to encourage each person in the college.
5	3 rd - 4 th November	Election (Screening and Manifesto)		Engineering Auditorium	The screening and assessing of manifesto of candidates will be done by executives.
6	5 th November	Election (Voting)		Engineering Auditorium	The voting will take place.
7	11 th November	Webinar 1: Final Year Project Talk		Online	An event where penultimate and final year students are given tips on how to work on their project.

ADDITIONAL PLANS

- Formation of PR and Welfare team.
- Social media “takeovers” by respectable women in the field.
- Scout for sponsors.
- Designing of a graphical calendar to be sent out to the girls to create anticipation for the events planned ahead.
- Addition of APWEN ABUAD section on the NUESA ABUAD website.
- STUDY WITH APWEN: It is a quiet session held in college to do homework, revise for tests, practice STEM subjects, and encourage one another. Sessions stay focused,

supportive, and open to anyone who wants to study hard—especially girls interested in science, technology, engineering, and maths.

- **STUDY BUDDY:** Study with APWEN is a small mentorship gathering that pairs mentors with mentees as study buddies. Mentors guide mentees through schoolwork, STEM subjects, exam prep, and good study habits. Mentees get a trusted person to learn with, ask questions, and stay encouraged.
